THIS ELECTION, PROTECTION of LIFE IS IN THE BALLOT BOX

This election in 2020 I have heard many people state that it is the most important election in our life time. I have heard the same thing said for many years and over many elections, and so have you. In fact, the current election is always the most important one. This is the opportunity to remove from office those who have not represented us well. Every election marks a term limit and a chance to elect representatives who, hopefully, will do better.

This election is more important not only because we are choosing our President but because both of the major parties have clearly declared where they stand on the issues of life. One party has stated their total support for a Culture of Death not only abortion but the murder of young, surviving infants after birth, and euthanasia of the elderly and chronically ill. The other party supports and promotes Life issues. We encourage all voters to carefully check the candidates and the Party they belong to and vote for Life. Remember: Your life may depend on it. Ohio RTL PAC has produced their list of reliable Pro-life candidates. Check it out www.ohiolife.org and click on **Vote Pro-Life**.
