Our Goal Is To Have A Chapter In Every County!

Please Be Our Rep If Your County Doesn't Have a Chapter

WE NEED YOU!

Local chapters are the major component of the pro-life movement. They help save lives one at a time in their communities and they are the building blocks of a movement that will one day return legal protection to all preborn children.

One more letter written, one more phone call made, one more dollar contributed will help to pass pro-life laws and educate those in our communities who do not yet know the truths about abortion, infanticide, euthanasia and stem cell research. Your time, talents and resources are needed to win.

Following is a list of each of the county chapters in Alabama and their contact info. Everyone has the responsibility to do what they can for life. Something small like being part of a phone chain, calling your legislature on life legislation, saying a prayer, donating a pan of brownies for a fund raiser or a few dollars toward prizes for our teen contests all are important to our pro-life movement. Please call one of the chapters below to let them know how you can help. We all have some talent to share.
