[Starvation and Dehydration Dehydration - A "Painless" Death? or It's More Like Torture.](#)

It is undisputed that conscious cognitively disabled patients are dehydrated in nursing homes and hospitals throughout the country almost as a matter of routine.

To protect yourself please consider naming someone to make your life decisions for you in case you can't and making out a Will to Live!

*** [State Of Florida Health Care Surrogate/Will to Live Form](#) ***

The time has come to face the gut wrenching possibility

that conscious cognitively disabled people

whose feeding tubes are removed

--as opposed to patients who are actively dying and choose to stop eating--

may die agonizing deaths.

"The first and only legitimate object of good government is the care of human life, not its destruction." - Thomas Jefferson to the Citizens of Washington County, Maryland, March 3, 1809
