

US Law Does Not Protect Jane From Death by Abortion

OVER 300,000 3rd TRIMESTER ABORTIONS SINCE ABORTION WAS LEGALIZED IN 1973

"All that is necessary for evil to triumph is for good men to do nothing."
- Edmund Burke

Dear Pro-Life Friends,

January 3, 2007

For the past two and one half years I have had the privilege of serving as President of the Bedford County Citizens Concerned for Human Life. We are a chapter of the Pennsylvania Pro-Life Federation with the goal of spreading a "culture of life" in our community and across our country. We ask for your prayers as we endeavor to bring the life issue to the forefront and educate the citizens of our county concerning the important issues facing our county, the commonwealth and our nation.

Although we are active throughout the year we sponsor several major events in our county. Each year since we were organized in 2004 we have sponsored a booth at the Bedford County Fair. We've also had a presence at the annual "God Bless America" Festival in Everett and the Fall Foliage Festival in Bedford. Each of the past two years we have sponsored the "Life Chain" along Business Route 220 during Fall Foliage. In addition, we've distributed over 5,000 voter guides during each of the past two major elections.

As you know the United States Congress is now under the control of the Democrats whose platform calls for the legal right for abortion during all nine months of pregnancy. Although the Democrats have taken control of the PA State Legislature, thankfully there are many pro-life Democrats serving who belong to the Pro-Life Caucus. It is important that all of us stay informed of what our legislators (State and National) are planning and continue to let our voices be heard through telephone calls, letters, and e-mails.

If you have never attended the National March for Life in Washington on January 22nd, I hope that you will try to go if you can get away. Every year thousands of our citizens assemble from all over the nation to march from the Washington Monument to the United States Supreme Court in support of the babies who are not given the choice to live.

Lastly, we wish to embark on a **membership drive**. The funds we collect will be used to purchase pamphlets, books, flyers, fetal models, and other materials to educate the public about pro-life issues and to pay for newspaper ads announcing upcoming events. One such event is our **3rd Annual Pro-Life Dinner** scheduled for April 14th, 2007. Please take a moment to fill out the attached membership form and return it to the address below. You are welcome to attend any of our meetings regularly scheduled for the 2nd Monday of every month at 6:30pm in the Bedford County Library. Please join us in spreading the "culture of life".

Sincerely for Life,
Doug Braendel
